- **TALPINES POA: Our priorities:**
- **Community engagement**
- **Protection of our natural resources and protected species**
- **Pine Street Beach Beautification: make it accessible and usable for seniors, youth, visitors, it is a jewel in the rough**
- **Tay Trail: ensure that the Trail is a “gentle” trail, suitable for seniors and children, for walking, hiking, cycling and quietly enjoying natural beauty; this trail bisects owners’ property and should be “non invasive” in every sense**
- **Water Testing: ensuring that Sturgeon Bay waters are clean and accessible for residents and visitors**

Our community work? Pine Street Beach Waubaushene beautification
Partnering for Phragmites Removal, Environmental protection

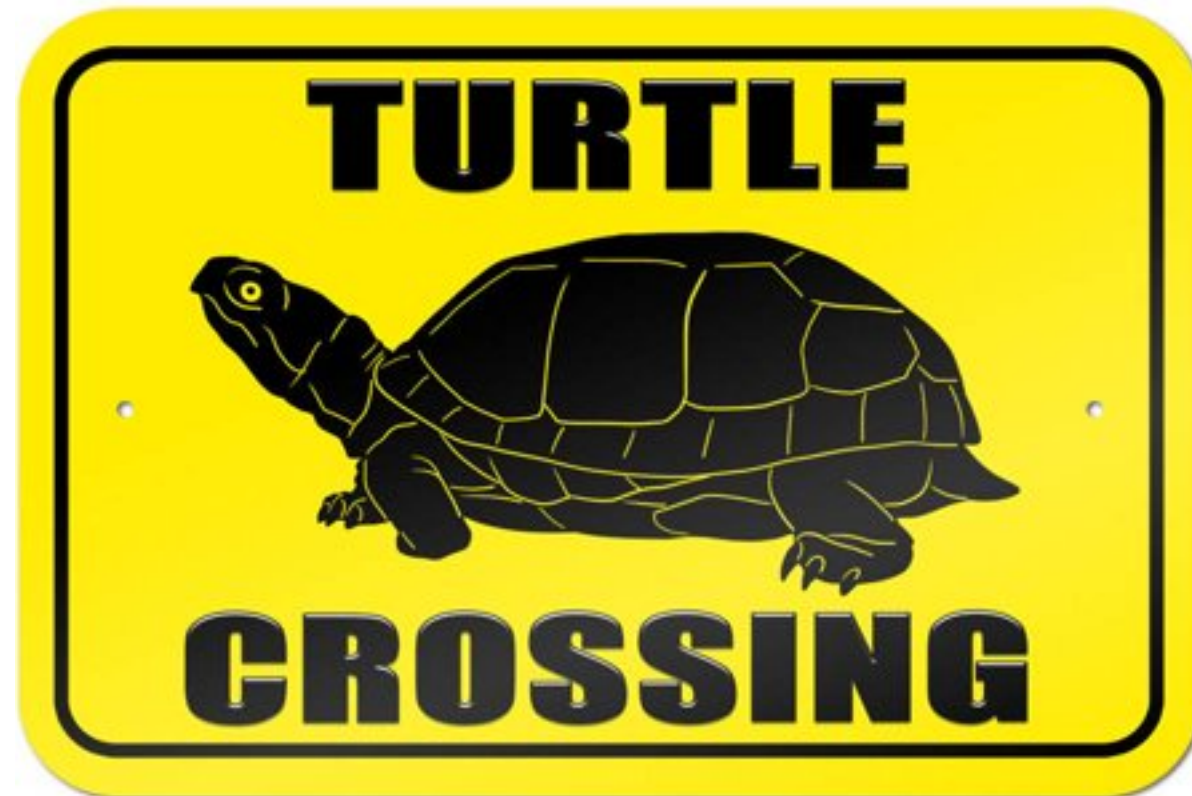

- **As Council considers its upcoming budget, TALPINES POA requests consideration for funding for the following projects**
 - **Pine Street Beach beautification**
 - **Improve Tay Trail safety**
 - **Enhanced protection for endangered turtle species**

- **PINE STREET BEACH PARK BEAUTIFICATION:**
 - **Improve toilet facilities at Pine Street Beach**
 - **Talpines has researched several options and would be happy to meet with Parks Department**
 - **BUILD A RAMP to improve public access to the beach**
 - **Expand the play structures to appeal to a wider age group.**

➤ **PROTECTION OF SPECIES:**

Our turtles need protection: We can be leaders in marking Township roads and the Trail with “turtle crossing signs”. Please consider budgeting for this.

THE TAY TRAIL: STRATEGIC PLAN

- The Tay Trail is one of Tay's greatest assets
- Residents and visitors of all ages and physical abilities use the Trail to walk, hike and bike. Also, 27 properties are bisected by the trail and these residents are further impacted by misuse of the trail.
- There has been a marked increase of motorized vehicles on the Trail. As a result we believe improved signage and enforcement are key to public safety.
 - Signs with clear definition of permissible motorized vehicle use on the trail (only medical accommodations)
 - Posted speed limit
 - Increased presence of bylaw officers to enforce rules
