Attention: Ms Joanne Sanders, Treasurer
On behalf of the Grants Committee

Thank you for your letter of April 26, 2019. We write to express our gratitude to the members of the Grants Committee for granting Talpines Property Owners' Association a grant of \$750 to support our Pine Street beach beautification project. We are thrilled the Grants Committee has supported our project in Waubaushene, and with the assistance of our community volunteer group, we will use the funds to purchase plants and soil to enhance the garden at the beach.

We look forward to working closely with Tay Township's Bryan Anderson regarding the location and type of plants suitable for the park. We wish to extend our thanks to Mr. Anderson for his ongoing support and congeniality.

We believe that the Pine Street beach in Waubaushene will be greatly enhanced by the Committee's donation. Our members look forward to a busy planting season and working on behalf of the Tay community to improve their experience of the Pine Street Park.

Yours truly

David Cornish
