collected

**WE DID IT!** On Talpines POA's second annual litter day, many volunteers including Mayor Ted Walker and Councillor Barry Norris, roamed the trail and the streets of Waubaushene collecting litter. We have mixed feelings. While we are gratified by the turnout, and the diligent work of so many in the community, we are also horrified by the amount of garbage we collected. Thanks for participating . 22 Old Cottage Lane 'HQ'

**table had 23 volunteers 'sign in' to tell us which streets and parks they had cleaned.**

Hwy 12 & 400 ramps, Bridgeview Park, Albin Road and Pine Street Beach all needed extra attention. Thank you to Bryan Anderson and Tay Township for providing the litter bags, and for coordinating pick up of the garbage. Our town sparkles ✨ Mayor Walker, Councillor Norris, and other Councillors, along with Bryan Anderson extend their thanks to Talpines for organizing this, and to all those members and other volunteers who participated 🙌
